Dear Parents

Thank you for your patience, support and words of kindness during this very difficult time. It was emotionally hard for the whole of our school community saying goodbye on Friday, and we hope that our school return is not too far away.

Government guidelines are changing daily and I will to keep you updated via Parentapps as situations change.

Belvedere Prep staff have been working extremely hard in order to ensure that our children's education continues and we will be providing home-school learning. This learning will be personalised and differentiated by their class teachers. The platform that Belvedere Prep are using to continue that delivery of lessons (including specialist lessons) is ***Seesaw***. Seesaw website CLICK HERE

We will be sending your child's *Unique Text Code* via parentapps after this letter. This Unique Text Code is required to access all work set.

There is also an App that can be downloaded from the App store ***'seesaw class'***.

Overview:

- A weekly timetable will be uploaded at the beginning of each week
- Work for each day will be posted by 10.00am
- Work can be completed on paper/ in books
- There is no expectation that all work is to be completed
- Seesaw platform will be uploaded with work from Tuesday 24th March 2020, 10.00am

We are an outstanding Prep School because we have an outstanding school community. The health of our school community is paramount to us. Let us stay safe and look after each other!

Very best wishes

Miss Burnham
