PREPARATORY SCHOOL

ANTI-BULLYING POLICY

2020-21

Anti-Bullying Policy

Every child should be able to learn and every adult work in a school environment free from bullying of any kind and in which they feel safe and supported.

This policy acknowledges that bullying is wrong and damages individuals. At The Belvedere Preparatory School, we do all that we can to prevent bullying by promoting and developing a school ethos in which bullying is regarded as unacceptable.

In line with The Equality Act (2010) this covers age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Belvedere Preparatory School also acknowledges that The Independent School Standards Regulations (2010) provide that the proprietor is required to ensure that an effective anti-bullying strategy is drawn up and implemented.

This policy should be referenced with:

- Equal Opportunities Policy
- Child Safety Policy
- Behaviour Policy
- ICT Policies:
- Complaints Policy
- SEND Policy
- PHSe Policy

This document should be read in conjunction with the school's Child Protection Policy. The school is committed to train staff on a regular basis to manage all aspects related to both policies. This policy pays due regard to 'safe to learn – embedding anti bullying work in schools'.

2 Definitions

2.1 Bullying is defined as deliberately hurtful behaviour, by an individual or a group, which intentionally hurts another individual or group, either physically or emotionally and possibly causing psychological damage. It is usually repeated over a period of time, where it is often difficult for those being bullied to defend themselves. It can happen anywhere, both in and out of school.

Bullying can have a negative life-long impact. It can make it difficult for children to learn and can have a lasting detrimental effect on their lives. Young people who have been bullied can become anxious and withdrawn, depressed or aggressive. Some turn to substance misuse as a way of dealing with it emotionally and, at worst, bullying has been a factor in suicide. (Although bullying is not a specific criminal offence, there are criminal laws which apply to harassment and threatening behaviour).

2.2 The Bullying can take various different forms, including:

- Racial/Religious/Cultural – where someone is made to feel inferior because of their background, culture or religion.
- Sexual/sexist - bullying based on something specifically linked to gender.
- Homophobic - bullying based on sexual orientation
- Special Needs or Disability - any exploitation of a particular aspect of a child's disability and/or special educational needs
- Because a child is adopted or a carer
- Cyber-bullying via technology. For example, internet/mobile phones, email, social networks, text messages, photographs. (Please refer to separate section, below.)

2.3 Pupils in our school have interpreted and adopted their own definition in consultation with School Council. (see appendix 1)

- 4.1.4 An appropriate level of counselling should be offered to support the victim of bullying.
- 4.1.5 An appropriate level of time should be spent talking to the child who has bullied, explaining why the action was wrong and helping them to change behaviour in the future.
- 4.1.6 In some instances it will be appropriate to refer incidents on to the Deputy Head or Headmistress, who will follow the same procedure and record the incident and the outcome. These incidents will be recorded on forms F1-3 and stored in our School Anti-Bullying Log. (see appendix V)
- 4.1.7 If a child is repeatedly involved in bullying other children, the child's parents will be invited into the school to discuss the situation and the steps necessary to be taken to address the issue. This action will be recorded on forms F 1-3 and stored in our School Anti-Bullying Log.

School Council Definition (Autumn Term November 2018)

Bullying is a repeated action which cause hurt, either physically or mentally. There are different types of bullying: cyber, physical and verbal.

What is cyber bullying?

Cyberbullying is a type of aggression defined by Childnet International as the 'sending or posting of harmful or cruel text or images using the internet or other digital communication devices'. The Anti-Bullying Association has identified seven types of cyberbullying, ranging from abusive text messages, emails and phone calls, to bullying in internet chatrooms, social networking sites and instant messaging:

1. **Text messages** – unwelcome texts that are threatening or cause discomfort.
2. **Picture/video-clips via mobile phone cameras** – images sent to others to make the victim feel threatened or embarrassed.
3. **Mobile phone calls** – silent calls or abusive messages; or stealing the victim's phone and using it to harass others, to make them believe the victim is responsible.
4. **Emails** – threatening or bullying emails, often sent using a pseudonym or somebody else's name.
5. **Chatroom bullying** – menacing or upsetting responses to children or young people when they are in a web-based chatroom.
6. **Instant messaging** – unpleasant messages sent as children conduct real-time conversations online.
7. **Bullying via websites** – use of defamatory blogs (web logs), personal websites and online personal polling sites.

Cyberbullying is insidious; it can be conducted 24 hours a day, seven days a week, following children into their private space and outside school hours. It can be anonymous. The audience is large and can be reached rapidly. Unlike other forms of bullying, a single incident can be experienced as a multiple attack – a video posted to a website can be copied to many different sites. Bystanders can become accessories by passing on a humiliating message. Messages on social networking sites remain there to damage social life and friendships and, in the case of teaching staff, reputation and credibility.
